Annual Meeting.

Not since the incorporation of the town has there been such a large meeting of the ratepayers as assembled in the L.O.O.F. hall on Monday evening last, when the Town Council and School Trustees presented themselves to submit their year's record.

The meeting opened by the Mayor requesting the audience to rise and sing "God Save the King," which was done right lustily.

After a few remarks by Mayor Robertson, the financial conditions of the town were fully explained by Secretary-treasurer Bauman, who in the reading of the balance sheet must have surprised many of the ratepayers by the unenviable position of Bow Island financially.

Reports were then submitted by Councillors Hebble, Dulmage, Coffin, Bratton, Reid and Blaine, in behalf of their respective departments.

None of the reports created special comment, beyond that of the police department. On behalf of this department Councillor Blaine stated that there had been during the year a certain amount of criticism, especially so relative to gambling and drinking. It was however difficult to get the evidence of witnesses, and without that they could not do very much. On the whole, he believed the police department had been conducted very capably and efficiently.

In answer to the Rev. Chas. Bishop, in saying a few words, said he was not there in a carping spirit, but they could not shut their eyes to the fact that considerable drinking was going on in this town, and he thought more energetic steps should be taken in regard to this. There was considerable dissatisfaction in the town relative to the enforcing of the liquor law. Mr. Bishop also referred to the high speeding of autos in Bow Island, and thought there was still something to be done in this direction also.

After the meeting of the Town Council, followed that of the School Trustees. This obviously provided the star attraction, and the presence of the Trustees to borrow sixteen thousand dollars to build a new school, was also its action in purchasing a school site on the north side of the town, came in for some sharp criticism. Much of this, however, came apparently from a lack of knowledge of the true facts of the situation. The proposal, for instance, to borrow \$10,000 was taken exception to by some, as they did not consider this sufficient to build a school the size to meet the town's requirement. Upon this phase of the matter, however, they were informed that it was not possible to raise more without raising our assess-

Women's Institute.

The members of the Women's Institute are urged to be present at the annual business meeting, and election of officers on Wednesday, December 5th at the rest room, 3 p.m.—Secretary.

Attention Men!! The ladies of the Women's Institute have kindly donated their rest room as a reading room for men, and boys—over 15 years of age. The rooms will be open for reading from six till ten every evening and Sunday. Reading matter can be donated by any one. Donations in money and furniture, for the upkeep of rest room, thankfully received. It is the intention of having this a quiet, peaceful place for men and older boys, and it is to be hoped this wish will be respected by all who avail themselves of this opportunity of a place to read where it is warm and quiet.

No boys under 15 allowed in the rooms unless accompanied by their parents. This being a public reading room no games will be allowed, as this might interfere with the quiet of others.

M. McWilliams,
Sec.-Treasurer.

H. R. Haddock, secretary of the military service department of the Canadian Y.M.C.A., was here last week arranging for a lecture to be given by Capt. Pearson on December 2nd, with reference to raising funds in connection with the work the Y.M.C.A. is undertaking on the western front. Everyone realises, we believe, the splendid work that this organization is accomplishing. The great expense it has been put to, however, has practically exhausted the funds, and money is badly needed. The people of this country owe it to those who have gone overseas to see that the work of the Association is not allowed to slacken. We trust, therefore, that the meeting will be well attended. Capt. Pearson is one who is thoroughly qualified to speak on matters connected with the work that our boys are doing over there, and his lecture will be an interesting one.

ment, and as some seemed eager to recommend this matter of borrowing dropped. A long discussion then ensued relative to the site. One ratepayer contended that there were more suitable sites for school from south of the track than from the north side. Careful investigation, however, made since, reveals the fact that there are nearly two to one in favor of the north. The meeting finally ended with nothing definite being arrived at, the ratepayers apparently being satisfied to leave it to the ballot on December 10th.

At the same time, it was observed that no vote of thanks was passed the Trustees. But then, as in the case of the Town Council, this apparently was a pure oversight.

Local and General.

Mr. S. G. Jamieson spent a few days
in Calgary this week.

The Bow Island Furniture Store has
just received a large shipment of furni-
ture and bedding.—Advt.

J. H. Agar reports the sale of south-
west quarter of 17-10-10 to Mrs. Geo.
Caldor.

Mr. and Mrs. Waterson were visit-
ing with Mrs. Ale Smith for a few
days this week.

Divine service will be held at All
Saints' church on Sunday next at 11
a.m. and 7.30 p.m. respectively.

Mass will be celebrated at St. Michael's,
Bow Island, on Sunday next,
December 2nd, at 10.30 a.m.

The annual meeting of the Red
Cross is being held in the Palliser
Hotel, Calgary, today, at 3.30 p.m.

For Sale.—Five room house and four
lots. Will take Victory Bonds in
payment. Address—S. G. Jamieson,
Bow Island.

Palliser and Smith will be shipping
another car of fat hogs on Tuesday,
December 4th, and will pay market
price for any hogs that you wish to
bring in.—Advt.

The Ladies' Aid of the United Church
will hold a sale of plain and fancy
articles on Saturday, December 1st.
Tea will be served in the afternoon.—
Advt.

Miss Wright of Winnipeg will visit
Bow Island every week from Wednes-
day noon to Thursday evening to give
lessons in piano music at Mrs. Dal-
mage's.—Advt.

The military tribunal in Bow Island
has now practically finished its labors.
The total number of applicants seek-
ing exemption was 368, 250 of whom
had their application granted, and 118
were disallowed.

A marriage that is apparently creat-
ing considerable interest in the dis-
trict will take place at St. Patrick's
Church on Saturday, December 1st,
when Mr. Harold Gibbons will be united
in marriage to Miss Stella McEl-
meyer.

D. E. Hatt, of the military service
department of the National Council
of the Y.M.C.A., will address a meet-
ing in the L.O.O.F. hall on Monday af-
ternoon next at three p.m. There
will be no collection. The meeting is
primarily for the purpose of interest-
ing the public in the work of the Y.M.
C.A. in France, and it is hoped that a
good attendance will be recorded.

Under the auspices of the Bow Is-
land and Red Cross, a grand concert
will be held in the L.O.O.F. hall on Decem-
ber 14th, at eight p.m. The artists
sponsoring are already known to Bow
Islanders, including Miss Myle (piano),
Miss O'Brien (soprano), Mrs. Blackstock
(soprano). The admission will be 50c.
During the evening a drawing will
take place for a large yoke donated by
Mrs. E. E. Wilmot.—Advt.

Clint Garrison, son of Charles Garri-
son, formerly residents of Bow Is-
land, is expected to arrive this week
to visit his parents at Estikow. Clint
went out with the first expeditionary
corps and has seen considerable fight-
ing. He has twice been wounded, and
the result of this, together with the
fact that he has contracted rheuma-
tism from exposure in the trenches,
will, we understand, prevent his see-
ing any more active service.

We are requested to announce that
the members of the Red Cross in Bow
Island will in future meet at the rest-
room which has been kindly placed at
their service by the Women's Insti-
tute. The Red Cross meets every
Wednesday afternoon and it is hoped
that the change of meeting place and
the inevitable mingling of the mem-
bers of the two above organizations
will only tend to greater efficiency,
but what is more important, will
bring the work of the Red Cross be-
fore a larger section of the general
public and thus increase its useful-
ness.

Local and General

Mrs. J. Rushworth pleasantly entertained a number of friends at supper on Thursday evening.

W. A. Buchanan, M.P., will address a meeting in the I.O.O.F. hall to-night at eight o'clock in the interests of Union government.

On account of the Public Meeting in the Hall on Sunday afternoon the Methodist Church Service at Courtland Hill School will be withdrawn.

Y.M.C.A. War work. A public meeting will be held at the I.O.O.F. hall on Sunday, December 2nd, at 4 p.m. Speaker Mr. D. E. Hatt, military Service Dept. Y.M.C.A. Subject "At the sign of the Red Triangle." Admission free. No collection. A large attendance is desired.

Winnet and Henderson's garage is a hive of industry these days. The large number of cars standing in and around the premises for repairs cannot help being noted, neither can the fact be hidden that their number is constantly increasing. This fact demonstrates that the garage is not only capable of handling them, but probably what is more important the workmanship displayed is such as to induce many to come here from nearby towns.

A forthcoming event that is apparently creating considerable interest in Bow Island is the marriage of Miss Fisher to Ed. H. Winnet, the date of which is as yet unannounced. Recently several "showers" have been given in their honour. One was given about a couple of weeks ago by Mrs. P. Ross, who entertained a large number of guests upon that occasion. This week Mrs. J. G. Carson arranged on Monday and Tuesday evenings a "miscellaneous shower." A large number of invitations had been sent out and a corresponding number of guests enjoyed to the full the varied program that had been arranged.

All Red Cross workers are reminded that the need for supplies at the present time is very urgent. Those articles which are specially required are: socks, personal property bags, stretchers, caps, shirts, pyjamas, dressing gowns, trench caps, small knitted amputation socks, flannel binders, bed socks, hospital handkerchiefs, and triangular slings. The Red Cross Society at the outset of a new year of its work is endeavouring to make this year the most useful and effective in its history. This can be done only with the full cooperation of its various members and workers. Those who are not already members of the Society are urged to join, and increased membership means an increased interest in the welfare of the branch. More sewing units are needed if the output of supplies is to be increased to meet the demand. Those who are already members of groups are requested to interest themselves in the formation of other units amongst their friends who are not already engaged in sewing. With an increased membership and an increased number of units and increased contributions to its funds, the Society will be prepared to meet any emergency which it may be called upon to face in the coming year. These objects cannot be obtained without the full co-operation of every worker interested in Red Cross efforts.

Appeal for Victory Loan.

President H. W. Wood of the United Farmers of Alberta made a stirring appeal for the support of the Victory Loan before a Lethbridge audience recently.

"Duty and interest happily are combined in this matter," he said. "If we are going to have a continuance of the present prosperity, if we are hoping to continue to sell our products to the

DELCO-LIGHT Simple—Durable
DELCO-LIGHT BATTERY Thick Plates—Long Life.

It's a complete electric plant designed to furnish light and power to farms, country homes, summer cottages, yachts, houseboats, rural stores and churches.

It better living conditions and pays for itself.

Ask them what they think, then see Beattie.

allies at the big prices we are now receiving we have to get behind the government and lend it the money to buy these things. The allied countries are under a tremendous financial strain at the present time. United States has plenty of financial resources but she is spending her money within her own borders. We are doing the same. The people must lend their money to the government."

"If we fail to do this one of two things must happen. Either the allies will fail to get the products and will have to make peace terms on the enemy's terms, or they will get the products by commandeering at their own price. We don't want either."

We want to continue to sell to them at the present prices. Therefore we must lend our money. It is the safest investment in the world."

"We must now force eastern monied interests to buy up all these war issues. If we allowed that then when the time came to pay, it would be the vent that would have to pay and pay heavily with no interest, coming in and possibly in a time when we could not afford to pay."

Honorable A. L. Sifton in speaking at Lethbridge at the same meeting referred to Mr. Wood's address and a Victory Loan in the following language: "You have heard here tonight a

very stirring appeal for support to Canada's Victory Loan. You know the reasons for that loan. But in order that you might have a greater conception of the needs let me state that about the time the new government was formed there was a period of four days when no wheat was purchased in Canada for export, and one of the first things the union government did was to arrange with the banks of Canada for a credit of \$100,000,000 to be used to Great Britain for the purchase of Canada's wheat. It is that money which is purchasing the wheat of the farmers of Western Canada today. That is the money which is finding its way into the channels of trade and making the West so prosperous."

The Best Farm or Ranch Car

YOU would replace your "general utility" team with a powerful, sturdy, Ford car at once, we believe, if you but figured the matter out carefully.

The Ford is especially suited to western conditions and your needs. It is easy to rough roads, big loads and long distances. These are the very tests to which you will put your car.

A Ford will run your errands for repairs, grease, mail and countless other necessities quickly and cheaply. It will save you weeks of time and money. It will be one of your best investments. It will make prairie life more enjoyable. You need a car and need it badly. The Ford is the utility car for the Western Farmer.

FARM LANDS FOR SALE

I have secured the agency for
this district for Hudson Bay Farm
Lands, and will be glad to submit
prices of several eligible pieces
of property.
I have also a list of other farm
property.
Call in and look these over. Many
of them are bargain.

R. S. BEATTIE, Bow Island

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

THE head of a family, or any
male over 18 years old, may
homestead a certain area of
available Dominion land, in Manitoba,
Saskatchewan or Alberta. Applicant
must appear in person at the Dominion
Lands Agency or Sub-Agency for the
District. Entry by the Dominion Lands
Agency or Sub-Agency may be made
at any Dominion Lands Agency
but not sub-Agency, on certain con-
ditions.

Duties. Six-month residence upon
cultivation of the land in each of
three years. A homesteader may live
within nine miles of his homestead on
a farm of at least 80 acres, on certain
conditions. A habitable house is re-
quired except where residence is per-
formed in the vicinity.

Life stock may be substituted for
cultivation under certain conditions.
In certain districts a homesteader in
good standing may pre-empt a quarter
section alongside his homestead. Price
\$3.00 per acre.

Duties. Six-month residence upon
cultivation of the land in each of
three years after earning
homestead patent. Also 80 acres extra
cultivation. Pre-emption patent may
be obtained as soon as homestead pa-
tent on certain conditions.

A settler who has exhausted his
homestead right may take a purchase-
d homestead in certain districts.
Price \$5.00 per acre. Duties—Must
reside six months in each of three
years, cultivate 80 acres and erect a
house worth \$200.

W. W. COBY,
Deputy of the Minister of the Interior.

T. A. REYNAR, Auditor.

Y.M.C.A. War
Work.

There are three great outstanding needs that are covered to some extent by the war work of the Young Men's Christian Association.

First, the period when men leave civilian life and go into barracks and form new habits. This is the time when they will become accustomed to keeping in touch with home through letters, learning how to entertain themselves and be entertained with those things that are around the barracks. They must get used to having the army think for and care for them. The Young Men's Christian Association realizes that in the new draft there will be a need practically as great as with the gathering of the first volunteers.

The second great need is, in England, where the men realize that they are away from home. They do not have the chance of seeing the home folks after a three or four hour ride, or the British soldier does. The temptations are correspondingly intense. The Young Men's Christian Association here again accepts the responsibility, as far as possible, of representing the people at home, and providing very imaginative thing that is possible, which will make the life and efficiency of these men better.

The third great need is in France. When men have spent four or five days, two weeks, and possibly longer in the trenches under shell fire that cannot be imagined by any except

those who have been there, where they have lost the pol they have worked with, and with, and shared both joy and sorrow with for two years, these men, when released from this strain, are tired, filled with the sense of the trench life and death, when one realizes that few things in the world will be considered of any consequence if they will only give relief. These men are not normal. The few hours that these men take to come back to normal are the most important hours of a soldier's life.

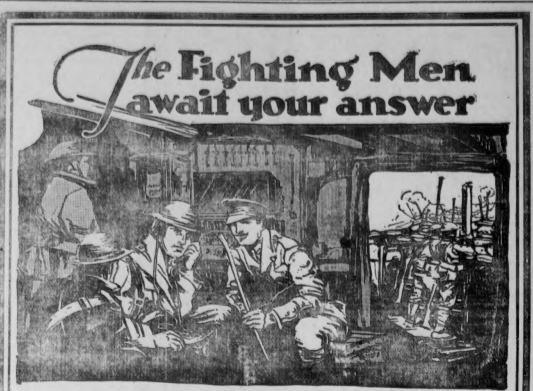

The Young Men's Christian Association believes that a cup of coffee, a game of baseball or some such recreation, or a concert, a motion picture, or entertainment, a religious service, or perhaps best of all, to stimulate him to write a letter home, is the great need of the hour. This is all free. It is impossible to underestimate the importance of this statement. The Young Men's Christian Association once more accepts the responsibility and has stood back of our men in France in this great war. Back of Vim Ridge they had mobilized twelve thousand dollars worth of equipment to use in the territory that would be gained as a result of that drive. The Association plans to show to the boys in khaki from Canada that the Canadian people care.

It is to care for such work that the people are requested to contribute.

BOW ISLAND REVIEW

BOW ISLAND, ALBERTA
Published Friday, 81.50 a year.

How Many Victory Bonds have you bought?

Have you put yourself to any real inconvenience to buy Victory Bonds?

Have you denied yourself some purely personal gratification, so that you could invest the money saved in Victory Bonds?

Have you realized the urgent need for personal self-sacrifice to make the Victory Loan a great success?

Until you have bought Victory Bonds to the very limit of your ability, you have not done your duty.

Campaign Closes Saturday Night

What Answer Will You Give?

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

65a

Burdett.

(From the Burdett Times).

Mr. and Mrs. Geo. Lomas and family moved to Iron Springs Sunday last.

Mr. A. H. Rygg has been visiting in Lethbridge a few days this week.

R. W. Fletcher expects to leave within the next few days on a visit to the coast.

F. A. Lumbard is re-modeling and making a considerable extension to his house just west of town.

A very successful dance was held here last Friday night in the Majestic after the show. Rygg's orchestra contributed the music.

Mrs. W. D. Anderson received a telegram on Monday from Calgary stating that her daughter, Mrs. Floyd Mason, had been taken to the hospital and asking her to go up at once. Mrs. Anderson accordingly left on the noon train.

Mrs. Brunsdale has moved a small house into town from off her old farm south of town, which she will occupy until her new residence is completed.

A marriage took place on Thursday evening last between Chas. Peterson and Mrs. Smith, both living north of town. Rev. Mr. Bird officiated.

The Victory Loan is still going strong. Up to Tuesday of this week about \$9150 had been subscribed here. It is hoped however, to increase this considerably before the lists close on December 1st. Those who have not already done so should send in their subscription at once.

J. P. McCarten, one of our young bachelors, has been noticed to be making Sunday trips to the country south, very frequently of late. This naturally has aroused the curiosity of his friends and they would like to know the reason why he prefers this change of scenery. Probably the fact that he is making a considerable addition to his house has something to do with it.

Messrs. Kerr & Caughey's new garage is now reaching completion and within a very few days the building will be ready for occupation. In front of their new building the owners have put down a new sidewalk, thus further improving their property. Main Street is rapidly assuming the appearance of a thriving business thoroughfare.

A marriage that has created considerable interest in the neighborhood took place on Friday of last week, November 23, between Roy Lindvall and Miss Emily Hunt, daughter of Mrs. N. Hunt, both of Burdett. The ceremony was performed at the residence of James Ashton, north-west of town, by Bishop Lyons. The bridegroom was supported during the ceremony by Jesse Bakken, and the bride received the assistance of Miss R. Clark as bridesmaid. A large number of guests were in attendance, and the presents were both numerous and costly. The bride and bridegroom left the same evening on a trip to the coast. Upon their return they will take up their residence on their farm.

Rural Municipality Bow Island.

A meeting of the above Council was held on November 24th.

Present—R. L. McGregor, A. Grogg, John Clark, R. S. Beattie and A. W. Chisholm. In the absence of the Reeve (P. J. Henderson), Deputy-Reeve McGregor presided.

A communication in regard to taxes was received from Mrs. T. Sneddon, who sought exemption, owing to her husband being at the front.

It was decided to advise Mrs. Sneddon that it is impossible for the municipality to exempt her lands from taxation, but the Council would not force collection of same unless the property is sold.

Other tax communications were received and dealt with from Wm. Haber, Ada F. Fisher, Johnstone and Ritchie, Canada Land and Irrigation Co., G. J. Anderson, E. S. Ferne, J. R. Lynde, C.P.R., and others.

Letters were also dealt with relative to road surveys, tax enforcement, etc. The following accounts were ordered paid:—

| | |
|-----------------------------|----------|
| Ruben Poole..... | \$ 14.00 |
| R. Burris..... | 18.00 |
| R. Fairbairns..... | 128.40 |
| Pioneer Lumber Co..... | 37.74 |
| J. W. Jubb..... | 15.50 |
| Bank R.N.A..... | 77.50 |
| Western Municipal News..... | 10.50 |
| Swenson & Co..... | 1.85 |
| Telephone..... | 17.71 |

The sum of \$300 was granted Good Cheer school District.

J. R. Agar was appointed returning officer in the forthcoming election.

A further grant of \$875 was ordered to be paid over to the Patriotic Fund. This is the second installment of the \$2000 voted some time ago. The meeting then adjourned.

Strange Conduct of a Car at Prospery.

Prospery, Alberta.

November, 30th.

(To the Bow Island Review.)

Dear Sir:—I want to beg a little space in your paper. Will you kindly tell me what brand of gasoline is sold in your town to make cars run wild? A couple of Bow Islanders were out this way joy riding the other night. Everything seemed to go all right until they came to the hill, near the Forty-Mile Coulee, on the Etzikom road, when the car got scared and jumped the grade. It then took a seventy degree grade about 120 feet, but the driver held a tight rein and landed right side up. Then the car attempted to jump a three-wire fence, but this it could not negotiate, so it ran alongside the hillside a little way and then jumped the fence. It then made for the grade again, which after a hard time it managed to climb. After going a couple of miles it took a notion to jump a wire gate, which it accomplished. Seeing, however, it was in the wrong pasture it jumped out again and made tracks up the road, and was seen no more in those parts. Will you kindly warn anyone

that is buying that particular brand of gas to be very careful of the hill and wire fences in future.

Yours truly,
X. Y. Z.

The Review has received a communication from J. H. Woods, hon. secretary of the Belgian Relief Committee for Southern Alberta, in which there is enclosed a sample of Christmas envelope containing an appeal for Belgian children. This appeal is a general one throughout Southern Alberta. The Review is aware of the many calls already being made upon the people of this community, but let one's imagination stray for a moment to those left destitute in Belgium and there is hardly a doubt but what many will consider a dollar or two to be but a small price to pay for that security which we are enjoying here in Canada. Subscriptions may be left at the office of the Review to be forwarded to Calgary.
